

What is the “donut hole”?

The donut hole refers to a gap in coverage, during which you may have to pay more for your prescription drugs. Some members may have supplemental coverage to help lower prescription drug costs. Here’s a look at how the donut hole works:

Once you spend **\$4,130** out of pocket, you enter the “donut hole” coverage gap.

While in the “donut hole”, You may pay **35%** of the total cost of brand name drugs and **44%** of the total cost of generic drugs until you spend reach **\$6,550**

After you reach **\$6,550**, you pay small copayments and coinsurance until the end of the year
